or institutions and of these twelve months, three to be spent in Oxford to obtain from the University the certificates specified in Clause 6 of Regulations in the prospectus Under the circumstances, in order to satisfy these conditions I find the best plan to follow to be

Three months of Clinical work in the University of Vienna which has the reputation of having the world's best ophthalmological school and which owing to the large number of English-speaking medical men resorting to it, gives clinics in English, during the months of July, August & September of this year

Six months of Clinical work in the Royal London Ophthalmic Hospital from October of this year when the courses begin there to the end of March 1911

for an examination of the Kind
Still it is my duty to use the
utmost diligence and I shall
do my best to manage it within
the time, if possible

I called upon Mr J W Arnold
at the India Office on the 21st Ult
by appointment After electing from
me what information he thought
necessary with regard to my
Studies he Kindly suggested that
I should consult Proff Schafer
not only concerning special micros-
-copy but also my Studies in general
and take advantage of his advice
As at the time Prof Schafer was
away on the Continent and return-
ed to Edinburgh only on the
31st ultimo I had to wait for his
return before I saw him which
I did by appointment on Tuesday
the 7th inst Prof Schafer was

Dear Sir,

In expressing my gratitude to the Government of H H The Maharaja for the award of a Scholarship to me I take opportunity to communicate to them the following programme of my Studies

I intend obtaining the Diploma in Ophthalmology of the University of Oxford, a prospectus of which is enclosed herewith for reference The main conditions for candidature to the examination are, a course of Clinical Ophthalmology for twelve calendar months in connexion with recognised Hospitals

5

quite in accord with me in thinking that the programme of Studies I intended to go by was the best under the circumstances, when I laid the above described plan before him As regards special microscopy I was at a loss to know what was expected of me Prof Schafer said that he had received a letter concerning it from the Senior Surgeon to the Government of Mysore and advised me to do practical pathology of the eye and practical pathological bacteriology of the eye in the way of Special microscopy He also said that he would write to the Senior Surgeon as to the advice he gave with regard to Special microscopy

P TO

and on our interview in general

In pursuance of my programme I shall start for Vienna to day, the 13th inst

Trusting that the Government have received my bond by now and instructed their bankers here for the payment of the second and succeeding instalments of my scholarship in due course

I remain
Yours faithfully
D V Gern

IX

DIPLOMA IN OPHTHALMOLOGY

(1) Statute

IX OF HOLDING AN EXAMINATION IN OPHTHALMOLOGY

[Statt Tit VI Sect IX]

1 There shall be an Examination once in each year in the Theory and Practice of Ophthalmology for the purpose of granting Certificates of proficiency therein The Certificates so granted shall be styled Diplomas in Ophthalmology

2 The Examination shall be under the supervision of the Board of the Faculty of Medicine which shall have power subject to the provisions of this section to make regulations as to the subjects of the Examination the time at which the Examination shall be held and the conditions of admission and to make any further regulations which may be necessary for carrying out the provisions of clause 1

3 The Board shall also have power to make arrangements for lectures and courses of instruction in Ophthalmology to be given within the University

4 There shall be three Examiners viz the Regius Professor of Medicine who shall be the Chairman of the Examiners and two other persons nominated subject to the approval of Convocation each to serve for two years In the absence of the Regius Professor the Vice Chancellor may appoint some other Professor or Reader in the Faculty to act as his deputy

5 The Examiners other than the Regius Professor shall be nominated by a Committee consisting of the Vice Chancellor the Proctors and three persons elected by the Board of the Faculty of Medicine The tenure of office of the elected members and the procedure of the Committee shall be regu lated by the provisions of Statt Tit VI Sect 1 L §§ 2 and 3

6 No Candidate shall be admitted to the Examination for the Diploma who shall not have pursued at Oxford a course of study in Ophthalmology approved by the Board of the Faculty of Medicine and extending over a period of at least three months

7 The fee payable by a Candidate on admission to the Examination on the first occasion on which he offers himself shall be £15 unless he is a graduate of the University, in which case it shall be £10 Any Candidate who has paid such fee and who offers himself for examination again on a subsequent occasion, shall pay a fee of £5 only

8 Subject to the provisions of clause 6 and to any Regulations made by the Board under the provisions of clause 2 the Examination shall be open to all persons whose names are on the Medical Register of the United Kingdom and to such other persons being Graduates in Medicine of Universities outside the United Kingdom as shall be approved by the Board of the Faculty of Medicine

9 At the close of the Examination a list of the Candidates who have satisfied the Examiners shall be made in a book kept for that purpose and shall be certified by the signatures of the Examiners This book shall except when required for the purposes of the Examination remain in the custody of the Assistant Registrar The Examiners shall also make and sign a copy of such list and shall cause it to be affixed the same day to a notice board at the Schools

10 To every Candidate who has satisfied the Examiners, a Diploma shall be issued in the following form —

'This Diploma is to certify that A B has pursued at Oxford an approved course of study in Ophthalmology and on [*date*] satisfied in the theory and practice of Ophthalmology the Examiners appointed by the University

C D Vice Chancellor
E F Regius Professor of Medicine

Notice of all Diplomas so issued shall be published in the usual manner

(11) Regulations

1 The Examination shall be conducted partly in writing partly *viva voce* and shall be partly practical

The subjects of the Examination shall be—

(1) The dioptrics of the normal and abnormal Eye
(2) Abnormalities and diseases of the Eye and its appendages their ætiology pathology diagnosis and treatment
(3) The relation of Ophthalmology to general medicine
(4) Clinical cases illustrating (1) (2) and (3)
(5) Ophthalmic Surgery

2 The fee payable by a Candidate on admission to the Examination on the first occasion on which he offers himself shall be £15 unless he is a graduate of the University in which case it shall be £10

Any Candidate who has paid such fee and who offers himself for examination again on a subsequent occasion shall pay a fee of £5 only

3 The Examination shall be held annually and shall begin on the third Tuesday in July The Assistant Registrar shall give at least one month's notice of the time and place

4 The names of Candidates shall be received by the Assistant Registrar They must be sent in on forms provided by him for the purpose and to be obtained at his office so as to reach him on or before the thirtieth of June preceding the Examination The statutable fee must be paid at the time of entering the name

5 Candidates must have their names on the Medical Register of the United Kingdom or if they are graduates in Medicine of Universities outside the United Kingdom must obtain the permission of the Board of the Faculty of Medicine

6 Candidates shall be required at the time of entering their names to produce the following Certificates —

(i) A Certificate showing that the Candidate has satisfactorily carried out in the University of Oxford the practical study of the Anatomy of the Eye and its appendages including the development and minute structure of these parts

(ii) †A Certificate showing that the Candidate has satisfactorily carried out in the University of Oxford the practical study of Physiological Optics and of the Physiology of Vision

(iii) Certificates showing that the Candidate has duly attended a course of Clinical Ophthalmology for twelve calendar months in connexion with Hospitals or Institutions recognized for the purpose by the Board of the Faculty of Medicine

(iv) §A Certificate showing that the Candidate has satisfactorily carried out in the University of Oxford the study of the subjects of examination set forth in clause 1

7 The Assistant Registrar may require Candidates to give such further information as he may judge necessary to satisfy him that the provisions regarding admission to the Examination have been properly observed

8 Any Candidate who has failed to send in his name as above prescribed shall be permitted to do so up to the seventh day before the commencement of the Examination on payment of an additional fee of two guineas

The First Examination of the Diploma will be given notice of in the Tuesday July 1910

The Time-Table will be published as early as possible in May and may be obtained on application to the Assistant Registrary University Registry Oxford

---

The course of this Certificate will be accepted in the Department of Human Anatomy

† The course of this Certificate will be accepted in the Department of Physiology

§ The course of this Certificate will be accepted in both terms.
